1. Front Yard: 35 feet or as shown on the final plat.
2. Side Yards: 9 feet minimum on one side, 19 feet total
3. Rear Yard: Lot 10 shall be 120 feet.

All other lots shall be 35 feet, except for any lots that have a Conservation Easement. See the Final Plat to determine exact rear yard setback.

 - ii. Owners shall comply with all applicable Federal, State and local erosion control ordinances and permits which pertain to the Property, including,

but not limited to, becoming a transferee of the Iowa Department of Natural Resources NPDES General Permit No. 2 (the permit) and having in place a Storm Water Pollution Prevention Plan (SWPPP) as required by the Environmental Protection Agency, (EPA).

- iii. If the Declarant or a Lot Owner is cited for or notified about an alleged violation or any erosion control provision or storm water management requirements which occurs after an Owner takes possession of a Lot by a governmental authority including the City of Johnston, for a condition existing on or coming from the Owner's Lot or migrating beyond the Lot or other violation of law, the Owner shall promptly take the remedial action and corrective measures requested by the governmental authority and the Owner shall also indemnify and hold the Declarant harmless from and against any and all claims, damages, fines, attorney fees, assessments, levies and/or costs incurred by the Declarant related to the citation or notice caused by the Owner's action or inaction.
- iv. If in the opinion of the Declarant, erosion is not properly controlled, corrective action may be taken by the Declarant and an automatic easement shall be granted by the Owner to the Declarant in order to implement the corrective action. All costs incurred by Declarant in taking the corrective action including an administrative fee shall be assessed against the offending Lot.
- v. Drainage and water runoff from an Owner's Lot shall not adversely affect any other Owner or Street and each Owner shall indemnify and hold harmless all other Owners and the Declarant from and against any and all damages or liability caused by an Owner's violation of this paragraph regarding drainage and water runoff.
